The Company acknowledges that it has access to Fiserv's payment acceptance guide (**Payment Acceptance Guide**), which may be updated from time to time, can be found on the Fiserv website and will assist the Company with properly accepting and submitting its transactions for processing, but is not part of this Agreement. Under Network Rules, the Company does not own the Card account, Cardholder, personal, or other payment transaction information generated when a Card transaction is processed using the Acquiring Services. The Company will not use, retain, disclose, sell, or disseminate any Card or Cardholder information (including, names, addresses and Card account numbers) obtained in connection with payment transactions except for: (1) authorising, processing and settling transactions; or (2) resolving chargebacks, retrieval requests, or similar issues related to its transactions. The Company will not reproduce electronically captured Cardholder signatures except as requested by Fiserv or the Networks. A **Cardholder** is the individual who was issued a Card.

**1.5 Locations**

The Company must be domiciled in Malaysia (the **Territory**) as required by applicable Laws and Network Rules to submit transactions to Fiserv. Fiserv will provide the **Services** (being all services provided by Fiserv under this Agreement in the Territory) and will perform the Acquiring Services for payment transactions submitted from all the Company's locations in the Territory.

**1.6 Submitting Transactions**

The Company is responsible for:

- d) Retaining transaction records according to the timelines required by the Network Rules, Industry Regulations or applicable Laws.

**1.7 Transaction Acceptance**

The Company will only accept and submit transactions where:

- a) The transaction represents a genuine sale of the Company's goods or services to the Cardholder;
- b) The transaction is not materially different than the transactions the Company has described to Fiserv with regard to the products or services sold, the procedures for payments acceptance, or the fulfilment of obligations to the Cardholder;
- c) The transaction complies with all requirements of the applicable Network Rules and Industry Regulations, the laws of all relevant jurisdictions and all other requirements of this Agreement;

- d) The transaction is not a duplicate of any other transaction;
- e) The transaction is authorised by the rightful Cardholder for the amount of the transaction in satisfaction of the Cardholder's obligation to the Company;
- f) The transaction is in payment of goods or services provided simultaneously with the payment transaction (except for delayed delivery, advance deposit, or other partial transactions specifically allowed under the Network Rules and Industry Regulations and explicitly authorised by Fiserv in writing);
- g) The transaction is not a refinancing of an existing obligation;
- h) The transaction is valid, collectible and is not subject to any dispute, setoff, or counterclaim; and
- i) In the case of a refund, the transaction is submitted to reimburse the Cardholder for a sale transaction that was previously submitted.

The Company represents, warrants and undertakes that each transaction that it submits will comply with this clause, and the requirements outlined in the Agreement.

## 1.8 Transaction Receipts

The Company will provide Fiserv a copy of any transaction receipts upon request.

## 1.9 Settlement

- a) The Company will identify a bank account held in the Company's name (the **Settlement Account**), unless otherwise expressly agreed by Fiserv, that Fiserv will use in connection with the Services. The Company authorises Fiserv to initiate: (1) credits to the Settlement Account for proceeds of transactions submitted; and (2) debits to the Settlement Account for any amounts that may be owed or required to be paid under this Agreement.
- b) The Company may identify more than one bank account as the Settlement Account. If the Company designates more than one Settlement Account, credits to any of these Settlement Accounts will satisfy Fiserv's obligations and successful debits to any of the Settlement Accounts will satisfy the Company's obligations under this Agreement.
- c) Fiserv will initiate a transfer to the Settlement Account of the value of all valid sales and cash out transactions for the Company's Card payment transactions, less any amounts due from Company for refunds, chargebacks, other debits or monies withheld to fund a Reserve in accordance with clause 6.1. Fiserv will initiate the transfer no earlier than two (2) banking days after the transaction (for transactions submitted before merchant cut-off on the prior banking day) if reasonably practicable but is not responsible for any delays, failures or errors caused by the Networks, the Territory's payment systems, the Company's financial institution, or telecommunications networks. It will depend on the Company's financial institution when funds will be available in the Company's bank account.
- d) Fiserv may, if it deems fit, pre-fund (**Pre-Fund**) any transfer or deposits into the Settlement Account using its own money prior to the receipt of payment by Fiserv through the Networks. Where Fiserv Pre-Funds any transfers or deposits into the Settlement Account prior to its receipt of the equivalent amounts through the Networks, then Fiserv (and not the Company) will be fully entitled to those equivalent amounts subsequently received through the Networks and accordingly, Fiserv will not be obliged to pay those equivalent amounts into the Settlement Account.
- e) The Company does not have a property or ownership interest in any proceeds of transactions or funds received by Fiserv in connection with the Company's transactions (including any funds held in a Reserve in accordance with clause 6.1) until those funds are transferred to the Settlement Account.
- f) After funds have been deposited into the Settlement Account, Cardholders, Card issuers and the Networks still have the right to require reimbursement of transactions, to impose obligations relating to violations of the Network Rules, to assess additional interchange or other assessments and to impose fees, fines, or charges relating to the qualification of transactions and the Settlement Account may be debited for these amounts at a later date.

- g) The Company must promptly notify Fiserv if it fails to receive any settlement funding or if there are any changes to the Settlement Account. Transfer of settlement funds may be delayed or misdirected if the Company provides inaccurate information about, or fails to notify Fiserv of changes to, the Settlement Account. Fiserv is not responsible for settlement errors that arise if the Company provides inaccurate information about, or fails to notify Fiserv of changes to, the Settlement Account.

### 1.10 MATCH Reporting

Under some circumstances, Fiserv may be required to report the Company to the Member Alert to Control High Risk (**Match**) listing or similar listings maintained by the Networks. The Company agrees that Fiserv will not be liable for any losses, damages, or liabilities that may result from that reporting.

### 1.11 Mark License; Network Decals

- a) For the duration of this Agreement, Fiserv grants the Company a revocable, royalty free, non-exclusive, limited license that cannot be assigned, transferred, or further sublicensed, to use the Networks' trademarks and service marks (together, **Protected Marks**) in the Territory, according to the applicable Network Rules. This license does not grant the Company any other intellectual property right, title, interest, or claim (express or implied, by estoppel, or otherwise) to the Protected Marks. The Company will not take any action that impairs an owner's intellectual property rights in its Protected Marks. Save for the limited license granted under this clause, nothing in this Agreement shall be interpreted as granting to the Company a license to use Fiserv's intellectual property.
- b) The Company will discontinue use of the Networks' decals, promotional, or other materials after termination of this Agreement. The Company will not indicate that its products or services are endorsed by any of the Networks. The Company shall promptly notify Fiserv of any infringement or threatened infringement, or of any challenges to the validity or ownership of any of Fiserv's intellectual property, and the Company will provide reasonable assistance to Fiserv, at Fiserv's reasonable expense, in connection with Fiserv's defence to such challenges.
- c) Save for the limited license granted under clause 1.11a, nothing in this Agreement shall be interpreted as granting to the Company a license to use Fiserv's intellectual property. The Company shall promptly notify Fiserv of any infringement or threatened infringement or of any challenges to the validity or ownership of any of Fiserv's intellectual property and the Company will provide reasonable assistance to Fiserv, at Fiserv's reasonable expense, in connection with Fiserv's defence to such challenges.
- d) Fiserv may include the Company's name, description and hyperlinks to the Company's website, on Fiserv's website and other marketing material.
- e) The Company will display prominently at the point of sale notice to inform Cardholders as to:
  - i. to the relevant payment methods (including relevant Networks and Additional Card Networks) it accepts;
  - ii. the available channel for the Cardholder to lodge complaints, including on surcharging and minimum transaction amount practices; and
  - iii. where the Company has received an exemption allowing them to surcharge or impose a minimum transaction amount, the Company's surcharging and minimum transaction amount practices, and applicable exemption for it.

### 1.12 Equipment

Where the Company uses any **Equipment** (that are any terminals or related hardware used by the Company for the purpose of creating, transmitting, reading, or processing, transaction data for the purposes of facilitating transactions under this Agreement but not power outlets and telecommunication lines), it shall comply with the terms of Schedule A to these General Terms.

### 1.13 Gateway Services

To facilitate the processing of transactions online, Fiserv may provide the Company its online processing system that provides an interface for the transmission of transaction data between Fiserv and the Company in connection

with the Acquiring Services or Third-Party Services (the **Gateway Services**). Where the Company uses the Gateway Services, it shall comply with the terms of Schedule B to these General Terms.

#### 1.14 Grab Services

Schedule C to these General Terms shall apply to the parties for all Grab transactions.

#### 1.15 DuitNow Services

Schedule D to these General Terms shall apply to the parties for all DuitNow transactions.

#### 1.16 Instalment Payment Program

Schedule E shall apply to all Instalment Purchases (as defined in Schedule E to these General Terms).

#### 1.17 Third-Party Services

**Third-Party Services** are services provided to the Company by a party other than Fiserv and that use, are connected to, or are ancillary to, the Services. Fiserv does not recommend, endorse, or approve, any Third-Party Services. The Company's use of Third-Party Services is governed by the Company's agreement with the providers of such **Third-Party Services** (the **Third-Party Services Providers**) and not this Agreement. **Fiserv bears no responsibility or liability arising out of or in connection with Third-Party Services.**

## 2. Financial Information; Audit

The Company will promptly provide any financial or other information reasonably requested by Fiserv to perform credit risk, security, qualification, regulatory (including but not limited to anti-money-laundering and sanctions monitoring) and Network compliance tasks and other reviews related to the provision of the Services, transactions submitted, fulfilment of obligations to Fiserv or Cardholders, or the financial condition of the Company. The Company authorises Fiserv to obtain information from third parties when performing credit risk, security, qualification and other reviews. Fiserv may perform a reasonable audit of the Company's records related to its performance under this Agreement with 30 days' advance written notice to the Company, during the Company's normal business hours and at Fiserv expense.

## 3. Notice of Material Changes; Third Parties

The Company will provide Fiserv with reasonable advance notice of any material change in the nature of the Company's business (including any change in control or merger, any liquidation, any transfer or sale of substantially all of its assets, or any change to the Company's operations that would materially affect the products or services sold, the procedures for payments acceptance, or the fulfilment of obligations to a Cardholder). The Company will provide Fiserv with written disclosure identifying the third parties, systems and services the Company uses to receive, transmit, process, or otherwise manage information or its information technology systems (for example, without limitation, gateways, encryption or firewall providers) related to the transaction information or payment data processed in connection with this Agreement (these third parties must be registered providers with the Networks).

## 4. The Company's Payment Obligations

### 4.1 Payment Obligations

The Company will pay Fiserv for:

- a) All fees and charges for the Services as set out in the Application;
- b) All transactions that are charged back by Cardholders, Card issuers, or the Networks;
- c) All refunds submitted in connection with the Company's transactions; and
- d) All costs, liabilities, or other obligations imposed on Fiserv by the Networks or other third parties as a result of transactions submitted by the Company or the actions taken (or not taken) by the Company or its third party service providers (including but not limited to any Third-Party Services Providers).

All such sums as outlined in (a) to (d) of this clause will be owed to Fiserv, and the Company shall be liable to Fiserv for such sums until these have been finally and irrevocably paid to Fiserv in full.

## 4.2 Fees Account

The Company will keep a bank account (**Fees Account**) and authorises Fiserv to debit the Fees Account in respect of any of the Company's payment obligations. The Fees Account can be the same as the Settlement Account. The Company will execute a direct debit authority and will reimburse Fiserv for the amount of charges incurred as a result of any direct debit being rejected. Where there are insufficient funds in the Fees Account or where any debit from the Fees Account cannot be processed for any reason (whether such debit has been rejected or otherwise), Fiserv reserves the sole and absolute right to set off and/or deduct the equivalent amount from the Reserve, or from any other funds otherwise payable to the Company under this Agreement.

## 4.3 Adjustment

Fiserv may adjust the fees and charges for the Services upon 30 days' advance written notice.

# 5. Taxes

## 5.1 General

Unless otherwise expressly stated, all consideration to be provided under this Agreement is expressed exclusive of taxes (**Taxes**), including goods and services tax. If Taxes are payable by Fiserv on any supply made under this Agreement, the Company will pay Fiserv an amount equal to the Taxes payable on the supply, in addition to the amount payable in respect of that supply.

## 5.2 Tax Invoice

Where required by law, Fiserv will invoice the Company in arrears and will issue a valid tax invoice. Payment will be due within 30 days from the date of the invoice.

## 5.3 Withholding Tax

All payments to be made by the Company shall be made free and clear of and without deduction of any taxes unless the Company is required to make such a payment subject to the deduction or withholding of tax, in which case the sum payable by the Company (in respect of which such deduction or withholding is required to be made) shall be increased to the extent necessary to ensure that Fiserv receives a sum net of any withholding or deduction equal to the sum which it would have received had no such deduction or withholding been made or required to be made.

# 6. Reserve, Security and Set-off

## 6.1 Reserve

- a) Fiserv may require the Company to fund a cash reserve (**Reserve**) in an amount that reflects Fiserv's assessment of risk, as it may determine in its discretion from time-to-time. The Reserve may be established by holding back transaction proceeds, or debiting the Settlement Account, or by the Company's provision of any Reserve amount to Fiserv by any other method requested by Fiserv, in order to set-off any liabilities or obligations (whether such liabilities are current or contingent, present or future, liquidated or unliquidated) that the Company may have or owe to Fiserv. The Reserve is not a segregated fund that the Company may claim to own and is not held by Fiserv on trust for the Company. Fiserv is obligated to pay to the Company any amounts remaining from the Reserve after all other then-current and contingent liabilities or obligations related to the Company's payment transactions have expired (as provided for under the Network Rules, Industry Regulations or this Agreement).
- b) The obligations due to the Company from the Reserve will not accrue interest. Fiserv may at its sole and absolute discretion, at any time without giving notice to the Company, establish a Reserve and modify the amount in the Reserve.
- c) Fiserv may, at any time and without giving notice to the Company, set off any liabilities or obligations (whether such liabilities are current or contingent, present or future, liquidated or unliquidated) that the Company owes

to Fiserv (or its affiliates) from the Reserve. The liabilities or obligations of the Company owed or owing to Fiserv that may be set off from the Reserve include (but are not limited to) the liabilities or obligations described in clause 4.1. Fiserv shall be entitled to withdraw such amount(s) which is/are equal to the liabilities owed or owing to Fiserv (or its affiliates) from the Reserve to satisfy the set-off of these liabilities or obligations. Consequently, the amount of the Company's Reserve will be reduced by the corresponding amount which has been withdrawn by Fiserv. The Company acknowledges that the Reserve is a general obligation of Fiserv and not a specifically identifiable fund, if any person claims that the Reserve is an asset of the Company that is held by Fiserv, the Company grants and acknowledges that Fiserv has a security interest in the Reserve and, at Fiserv's request, will provide documentation to reflect this security interest and cooperate with Fiserv to perfect the security interest.

Fiserv is only obligated to pay to the Company any amounts remaining from the Reserve after all other liabilities or obligations of the Company (whether such liabilities are current or contingent, present or future, liquidated or unliquidated) related to the Company's payment transactions have (whichever is the later (**Remaining Amounts**)): (a) expired (as provided for under the Network Rules, Industry Regulations or this Agreement); or (b) have been satisfied in full. The Company shall only be beneficially entitled to the Remaining Amounts in the Reserve.

## 6.2 Setoff and Priority

All funds that Fiserv owes to the Company under this Agreement are subject to the Company's liabilities and obligations (whether such liabilities are current or contingent, present or future, liquidated or unliquidated) under this Agreement. Fiserv may set off against any funds that Fiserv owes to the Company, liabilities or obligations of the Company (whether such liabilities are current or contingent, present or future, liquidated or unliquidated) which: (i) the Company owes to Fiserv under this Agreement or any other agreement; or (ii) the Company owes to Fiserv's affiliates under this Agreement or any other agreement.

## 6.3 Security and Security Interest

Fiserv may from time-to-time request security from the Company or a guarantor to secure performance of the Company's obligations under this Agreement. The Company shall do all things necessary to put in place enforceable security as requested by Fiserv.

# 7. Statements, Reporting

Fiserv will provide the Company with statements or electronic reporting (**Statements**) reflecting the fees, settlement amounts and other information related to the Services. The Company must review the Statements and inform Fiserv of any errors within 60 days following the date (whichever is the earlier): (i) it first has access to the Statement, or portion of the Statement, containing the error; or (ii) the date of the Statement containing the error. The reporting of any errors will enable Fiserv to recover amounts or prevent the errors from continuing. Fiserv will have no obligation to provide refunds for, or otherwise make good, errors that the Company reports more than 60 days following the date (whichever is the earlier): (i) it first has access to the Statement, or portion of the Statement, containing the error; or (ii) the date of the Statement containing the error. The Company and Fiserv will work together to resolve issues or disputes that arise in connection with the Statements, or the funds credited or debited to the Settlement Account.

# 8. Privacy and Confidential Information

## 8.1 Privacy

Each party will comply with the Personal Data Protection Act 2012 and will treat personal information collected from individuals in accordance with any applicable Laws, rules, regulations, or guidelines, relating to such personal information.

## 8.2 Confidentiality

Neither party will disclose non-public information about the other party's business (technical specifications, customer lists, or information relating to a party's operational, strategic, or financial matters) (together, **Confidential Information**). Confidential Information does not include information that: (1) is or subsequently becomes publicly

available (through no fault of the recipient); (2) the recipient lawfully possesses before its disclosure; (3) is independently developed without reliance on the discloser's Confidential Information; or (4) is received from a third party that is not obligated to keep it confidential. Each party will implement and maintain reasonable safeguards to protect the other party's Confidential Information.

### 8.3 Disclosure

The recipient may disclose the other party's Confidential Information: (1) to its directors, officers, personnel and representatives (including those of its affiliates, subcontractors or vendors) that need to know it in connection with the recipient's performance under this Agreement as well as the purposes set out in the Collection Statement and are bound by confidentiality obligations materially similar to those required under this Agreement; (2) in response to a subpoena, court order, request from a regulator, or as required under applicable Laws, Network Rules or Industry Regulations; and (3) in accordance with the terms of this Agreement or as otherwise agreed by the disclosing party.

### 8.4 Publicity

Fiserv and the Company may publicly indicate they have entered into a contract with each other.

## 9. Data Security

### 9.1 Unauthorised Access

- a) The Company is responsible for any unauthorised access to any transaction data from the Company or from third parties retained by or on behalf of the Company.
- b) Fiserv is responsible for any unauthorised access to the Company's transaction data on Fiserv systems.

### 9.2 Compliance with Standards

- a) The Company must comply with Payment Card Industry Data Security Standards (**PCI DSS**) and obtain timely certification of its systems and processes (which must be maintained during the Term) as required under the Network Rules and Industry Regulations. The Company must also comply with all additional standards that the Networks and Industry Regulations may require. The Company will allow the Networks or Fiserv to audit its data security compliance, including PCI DSS and information technology systems related to the Services provided under this Agreement. The Company is responsible for its service providers' compliance with the same requirements.
- b) Fiserv must comply with all PCI DSS requirements and the Network Rules and Industry Regulations that apply to its performance under this Agreement.

### 9.3 Security Incident

- a) If the Company becomes aware that there has been unauthorised access to transaction data (a **Security Incident**), it will promptly notify Fiserv. If requested by Fiserv, the Company will retain a reputable firm that is certified and approved by the Networks that provides forensic information security services and risk assessments in order to: (1) assess the nature and scope of the Security Incident; and (2) identify the access controls or transaction data involved in the Security Incident. The Company will take appropriate steps to contain, control, stop and remediate any Security Incident.
- b) The Company will provide reasonable details regarding the Security Incident to and cooperate with, Fiserv, any Networks, governmental authorities or industry bodies and the forensics firms that are involved in the investigation and remediation of a Security Incident. The Company will take all actions that the Networks, governmental authorities, industry bodies or Fiserv require in connection with the investigation and remediation of a Security Incident.
- c) The Company will reimburse Fiserv for all fines, fees, penalties, assessments, or other obligations of any kind imposed by a Network on Fiserv due to a Security Incident caused by the Company or its third party service providers (including but not limited to any Third-Party Services Providers) (together, **Network Security Fees**).

### 9.4 Data Use

Fiserv may use transaction data obtained from providing the Services to the Company to fulfil performance obligations under this Agreement and investigate fraud, or suspected fraud, related to the Company's transactions. Fiserv may also use transaction data obtained from providing the Services under this Agreement in aggregated and anonymised form (as required by applicable Laws) for research and development, or to provide services generally.

## 10. Term, Termination, and Suspension

### 10.1 Term

This Agreement commences at the earliest of (1) Fiserv assigning a MID to the Company; (2) the Company commencing the submission of transactions to Fiserv for processing; or (3) the Company taking delivery of Equipment supplied by Fiserv; (that date, the **Effective Date**) and will continue until the third anniversary of the date Fiserv first assigns a MID to the Company (such period, the **Initial Term**) unless terminated as allowed under this Agreement. This Agreement will renew for successive 3 months periods (each a **Renewal Term**), unless either party gives the other 60 days' advance written notice of non-renewal before the end of the Initial Term. Either party may terminate this Agreement for any reason (without cause) during a Renewal Term by giving the other 30 days' advance written notice of termination. Together, the Initial Term and any Renewal Term(s) are the **Term** of this Agreement.

### 10.2 General Termination

Either the Company or Fiserv may terminate this Agreement by giving 30 days' advance written notice if the other materially breaches this Agreement and fails to remedy the breach within 30 days of receiving notice of it. A party may only exercise this right within 60 days of becoming aware of a material breach. At any time during the Term, Fiserv may terminate this Agreement by prior written notice stipulating the date upon which termination is to take effect, without having to assign any reason for such termination.

### 10.3 Risk Termination

Fiserv may immediately suspend or terminate this Agreement, in its sole discretion, upon notice if:

- a) the Company engages in fraud, misrepresentation, or intentional misconduct related to its performance under this Agreement;
- b) the Company experiences excessive chargebacks, irregular, or fraudulent payment transactions (based on Network thresholds), or if Fiserv is of the opinion that the Company has engaged in business practices creating or which is reasonably likely to create excessive risk for Cardholders or Fiserv;
- c) Fiserv is of the opinion that the Company has experienced, or is reasonably likely to experience, a material adverse change in its financial condition (including the failure to pay any of its debts or if the Company's accountants fail to deliver an unqualified audit opinion with respect to the Company's and its consolidated subsidiaries' annual financial statements when requested by Fiserv);
- d) the Company fails to provide notice of a material (as determined by Fiserv in its sole opinion) change in the nature of its business;
- e) the Company fails to disclose the third parties or systems it uses in connection with the transaction information or payment data processed under this Agreement;

- g) the Company experiences a Security Incident or fails to comply with PCI DSS or a material Network requirement;
- h) Fiserv is of the opinion that the Company has materially changed its operations, products, services, or procedures for payments acceptance;
- i) the Company fails to satisfy a review or audit conducted under this Agreement;
- j) the Company sells substantially all (as determined by Fiserv in its sole opinion) of its assets, undergoes a change in ownership or control, merges, or effects an assignment without obtaining the prior consent of Fiserv; or

- k) A Network or a governmental authority, instructs Fiserv to limit, suspend its performance under or terminate this Agreement, or Fiserv reasonably believes that continued provision of the Services or Company's conduct or use of the Services, violates any applicable Law or otherwise poses a threat to Fiserv or any of Fiserv's security, equipment, processes, intellectual property or reputation (including without limitation regulatory investigation, inquiry, or penalty) (in which case the Early Termination Fee will not apply).

Together, the events described in this clause are **Default Events**.

#### 10.4 Early Termination Fee

Fiserv will suffer substantial injury and it would be difficult to determine the damages, if this Agreement is terminated before the end of the Initial Term due to any Default Event. Fiserv and the Company agree an accurate reflection of the damages payable to Fiserv caused by such early termination of this Agreement is an amount equal to 80% of the average monthly fees paid to Fiserv during the 12-month period preceding the termination (or, if less than 12 months have elapsed, the average monthly fees during the period expired) multiplied by the number of months (including partial months) remaining in the Term (the **Early Termination Fee**).

#### 10.5 Change Termination

The Company may terminate this Agreement by giving 30 days' written notice if Fiserv increases (in aggregate) the fees and charges payable by the Company, or if Fiserv gives notice of or publishes an amendment of the terms of this Agreement, that materially diminishes the Company's rights or increases the Company's obligations under this Agreement. This termination right will not arise where a change is due to a change in Laws and has to be exercised within 30 days from a notice or publication.

#### 10.6 Termination for Inactivity

Fiserv will have the right to terminate this Agreement immediately upon notice to the Company if no transaction has been submitted for a period of 90 days or more.

#### 10.7 Effect of Termination

The following clauses shall survive termination of this Agreement for any reason whatsoever:

- |                  |                          |                 |
