Delight international customers by offering pricing in multiple currencies

Currency is the language of commerce.

Customers shopping online should be able to do business with you just as easily from Paris, Texas as they can from Paris, France. But often, international shoppers decide not to make a purchase because they cannot see pricing in their own currency. Global ePricing provides your customers the shopping experience they prefer by presenting a currency they understand.

**Merchant benefits**

- **Set your pricing** and control the purchase experience
- **Increase top-line sales** by attracting new customers
- **Reduce shopping cart abandonment** and improve sales conversions at checkout
- **Offer any currency** supported by Visa®, Mastercard® or American Express® (varies by card brand)
- **Improve customer satisfaction** and customer loyalty
- **Easy implementation** with industry-leading gateways

**Consumer benefits**

- **Shop and pay in more than 130 presentment currencies**
- **Receive a receipt in the same amount and currency** that appears on their cardholder statement
- **Helps eliminate foreign transaction fees** charged by many issuers (depending on cardholder agreement)*
- **Make purchases in a familiar currency** without having to perform manual calculations
- **Enjoy a superior cross-border experience** that is similar to doing business with a local merchant

**Beyond the transaction**

The benefits of Global ePricing don’t stop once the transaction is processed. Other key benefits include:

**Recurring payments**
Through a simple integration, it’s easy to set up pricing in multiple currencies and process recurring transactions.

**Familiar reporting**
View your transactional reporting, daily exchange rates and manage disputes through the same tools that you use for domestic transactions.

**Domestic funding**
Funding is always provided in your local currency – regardless of the presentment currency. No need for bank accounts in other currencies.

**Additional solutions for managing cross-border transactions**

**Dynamic Pricing**
(Dynamic currency conversion)
Dynamically converts pricing into multiple currencies without risk.

**Currency Conversion**
(Dynamic currency conversion)
Offers customers the choice to pay in their preferred currency at checkout.

**Global Commerce Solutions**
Combine any of our currency solutions with Global Merchant Acquiring and Local Payment Methods.

*There are additional cross-border related fees charged by the card brand anytime the card is used outside the country in which it was issued and for conducting a transaction in a currency other than the merchant’s base currency. In addition, some issuers may impose a fee to the cardholder for using their card outside the country of issuance. Global ePricing does not eliminate that fee.
